## PROFESSIONAL SUMMARY

Highly motivated Front-end Developer with a passion for creating visually appealing and intuitive user interfaces. Experienced working with teams to produce impactful, leading-edge websites that engage customers and deliver business results. Well-versed in design standards and user preferences.

## EXPERIENCE

03-24 - Present

### 01 NEO

*Front-End Developer & UI/UX Designer Intern, Marrakech*

- Utilized React.Js, Next.Js, JavaScript and Typescript to create visually appealing and responsive web pages that met client requirements.
- Coded using HTML, CSS and Tailwind CSS to develop features for both mobile and desktop platforms.
- Contributed to web apps, enhancing performance and fixing issues
- Collaborated closely with Back-End Developers to improve website functionality and integrate new features.
- Designed a CRM web application using Figma, by building a responsive design and handling components states.
